C programming1 for loop

Aaryan chavda

September 2025

1 example 1:print 1st 10 natural numbers
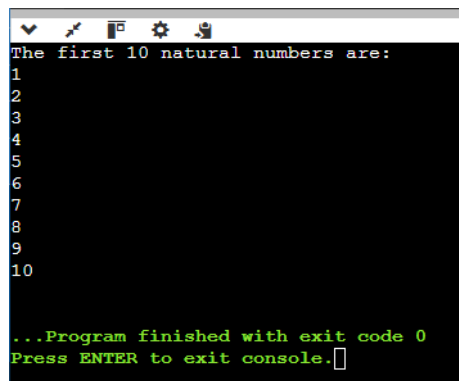

```c
#include <stdio.h>

int main() {
    int i;

    printf("The first 10 natural numbers are:\n");

    for(i = 1; i <= 10; i++) {
        printf("%d\n", i);
    }

    return 0;
}
```
